- ☐ To extend the term of supervision for _____ years, for a total term of _____ years.
- ☒ To modify the conditions of supervision as follows:

To hold in abeyance the balance of the condition requiring residence for the first 120 days in a community correctional center upon the first available vacancy and to obey the rules of that facility.

CAUSE

Mr. Alford has now fulfilled the final step for his reintegration, that being obtaining residence. The previous steps involved obtaining employment and income, being linked to mental health services, and drug testing services. He is not in need of further community correctional center services. Therefore, we respectfully recommend the balance of the 120 day community correctional center placement be held in abeyance.
